

## 2023-2024 EXTENDED PLAYING TIME: Section IX Modified Girls Rules

EXTENDED PLAYING TIME: has been approved by the NYSPHSAA and the rules are below. If you are assigned a modified game playing extended playing time notify Boces just like you would for a 5-period game. The pay is the same for 5 periods and extended playing time.

Eligibility for play in an extended playing time should be determined on the basis of the following participation standards:

- a. Players with no participation in the regular game/contest should be eligible for play in an extended playing time.
- b. Players whose participation in the regular contest is limited, i.e., their total participation was no more than one-half of the regular playing periods/quarters shall also be eligible for play in an extended playing time.
- c. Limited participation shall be further defined to mean that entry into a playing period rather than actual playing time shall constitute "participation" in the regulation contest.

Optional Plan for use at the league or Section level: If a team has fewer than the minimum number of players to play the five (5) period concept the following game rules will apply:

A four (4) quarter game will be played with the number of minutes being increased for each quarter (see below)

If you are asked to work an extended game you must call Boces afterward to let them know. The fee is the same as a 5-quarter modified game.

Extended Play for a 4 Quarter Modified Game

Quarter 1 game time play **8 minutes**

Quarters 2 thru 4 game time play **9 minutes** each quarter.
